INTRODUCTION

I am a passionate and self-driven Computer Science undergraduate currently pursuing a dual degree: B.Tech in Computer Science and a B.S. in Data Science from IIT Madras. With hands-on experience in web development, blockchain integration, and interactive installations, I enjoy building creative tech solutions that blend logic and design. My interests span across artificial intelligence, cybersecurity, and problem-solving. I'm continuously exploring new technologies and actively building projects that reflect my curiosity, creativity, and commitment to learning.
